Model 60-2816B05 Memory Foam Massage Lumbar Cushion with HEAT

Power Adapter for home and office use.

Power Adapter for use in automobile.

Getting started

1. Carefully remove your cushion from packaging, and check that you have all contents.
2. Position the cushion on your chair or car seat. Connect the car adaptor or the home adaptor to the power plug located in the back of the cushion.
3. To activate the vibration massage, simply press the MASSAGE button on the side of the cushion. Press one time for low intensity MASSAGE, press a second time for high intensity massage. Press a third time to turn off the massage.
4. To activate the heat, press the HEAT button. Press once to turn the heat on. Press a second time to turn off the heat. The massage and heat may be used at the same time.
5. When the massage and heat functions are not used, remember to turn off the power at the cushion, and disconnect the adaptor from the power source.

Cushion (colors may vary)

Controller (on cushion side)

NOTE: This cushion features a warming heat with a maximum temperature of approximately 145 degrees F. It is not intended to be used as a therapeutic heating pad.

Please allow a few minutes to reach maximum temperature.

This product has a built-in timer / safety feature which deactivates the heat after 30 minutes. It is recommended to wait 15 minutes to reactivate the heat using the button on the side of the cushion.

This cushion is made of quality, high density memory foam which responds to body temperature and conforms to body contours for maximum support. Memory foam density (70 kg/m³, 4.4 lbs/cft)

Caution

1. If you have any concerns regarding your health, consult your doctor before using this product.
2. If you experience pain in a muscle or joint for a prolonged period of time, discontinue use and consult your doctor.
3. For long-term storage, place unit in its box or a safe, dry, cool place.
4. Avoid contact with sharp edges or pointed objects, which might cut or puncture the fabric.
5. Do not place cushion in any liquid to clean. To clean, first disconnect cushion from power supply. Clean fabric cover by wiping with a damp sponge, using a mild detergent or suds. Pat dry with clean, dry cloth.
6. Do not use abrasive cleaners, brushes, gasoline, kerosene, glass/furniture polish, paint thinner or water hotter than 120°F to clean.
7. Do not use the massage motor or heat for more than 30 minutes at a time.

One Year Limited Warranty

Comfort Products warrants this product to be free from defects in material and workmanship for 1 year. This warranty is made by Comfort Products only to the original end-user customer acquiring the product directly from Comfort Products' authorized dealers as shown by the original sales receipt. Any problems arising from misuse, attempts at repair, dropping or extreme wear are not covered by this warranty. If you experience any problems, or have any questions regarding the operation of this unit, please visit www.comfortproducts.net/support. This warranty applies only to end-user customers in the United States. Any authorized return should include original cushion and dated receipt.
