

DuPont Personal Protection

HOSPITAL PREPAREDNESS

For increased comfort and protection in high-risk environments.

First receivers who are responsible for patient decontamination during a bio-terrorism, bio-security, pandemic or weapons of mass destruction scenario may be exposed to a variety of hazardous materials and viral threats. Whether those threats are of a chemical, biological, radioactive or nuclear nature, the proper protective clothing can help you stay safe.

Over the past 40 years, DuPont science has helped to advance worker protection for those in high-risk environments. From protection against dry particulates to chemical and liquid splash-resistance, the complete line of DuPont Personal Protection garments, accessories, antiseptics and disinfectants provide a wide range protection levels to help keep you comfortable and protected—so you can perform at your best.

See our complete line of personal protection solutions at www.PersonalProtection.DuPont.com. Or call us at 1-800-931-3456 to request a catalog and learn how DuPont can help meet your emergency preparedness planning needs.

The miracles of science™

Perimeter security, triage and victim decontamination

DuPont™ Tychem® SL

- Effective protection against a range of chemicals
- Uses include perimeter security, triage and victim decontamination
- Saranex® 23-P film laminated to Tyvek® fabric
- Rugged and durable, even in environments where abrasion is an issue
- White for high visibility

Suggested part number: SL169T

DuPont™ Tychem® CPF 3 HD

- Designed for hospital first receivers; easy to don and doff and includes an integrated glove system for superior protection.
- Uses include perimeter security, triage and victim decontamination
- Liquid-spray integrity: provides permeation resistance to many diluted liquids
- Multi-layer barrier film laminated to a 2.0 oz/yd² polypropylene fabric
- Available in tan for discretionary purposes
- Available without a hood, ideal when wearing a PAPR
- Glove system allows for dexterity

Suggested part numbers: C3184T, C3185T

DuPont™ Tychem® F

- Strong and durable garment with broad chemical barrier
- Uses include perimeter security, triage and victim decontamination
- Provides lightweight liquid-splash protection
- Barrier film laminated to Tyvek® fabric
- Available in gray for discretionary purposes

Suggested part number: TF169T

DuPont™ Tyvek®

- Inherent barrier protection against dry particulate hazards
- For use as a modesty garment
- Fabric stops submicron particles better than many limited-use garments
- The best balance of protection, durability and comfort

Suggested part number: TY120

Decon Shower

- Ideal solution for decon procedures during any HazMat crisis
- Lightweight and easy to assemble.
- Large, replaceable catch basin (185-gallon, 700-liter)
- Removable spray wand with adjustable shut-off valve
- Base dimensions: 5'x5' (1.52m x 1.52m)
- Deluxe nylon case with wide webbing handles and full-length zipper

Suggested part number: RS490T

DuPont™ personal biosecurity kit

A portable kit containing key technologies recommended by medical and industrial hygiene specialists to help individuals limit the spread of viruses and bacteria.

Each kit contains:

- 1 digital thermometer
- 30 3-ply surgical masks
- 2 oz bottle of DuPont™ RelyOn™ Antiseptic Hand Spray
- 0.18 oz sachet of DuPont™ RelyOn™ Multi-purpose Disinfectant Cleaner
- 2 pair nitrile gloves for handling DuPont™ RelyOn™ MDC powder
- Convenient travel bag

Suggested part numbers:

Starter kit with travel bag - D12719054

Refill kit - D12744171

DuPont™ RelyOn™ antiseptic and disinfectant

DuPont™ RelyOn™ disinfectant wipes and sprays are effective against a wide range of pathogens including HIV, tuberculosis, MRSA and VRE. Disinfectant products clean, disinfect and deodorize in one easy step. Antiseptics help reduce the spread of germs and are now available in two wall mount dispenser units, including hands-free, for ease of use and better protection.
