TREX FOOTBEDS

07 NEW

Your boots might be made for walking, but that doesn't mean they'll get you over the hump. TREX™ Footbeds insure that you get the most out of your hard working footwear by absorbing shock, enhancing stability, and fighting fatigue. We even added special ventilation systems and anti-microbial treatments to keep you cool and minty fresh. When it comes to getting what you need to stay comfortable and performing at your best, put your foot down—in a pair of these sweet, sweet Trex™ Footbeds.

6386 HALF SIZES 3-15.5 **PERFORMANCE**

High-Performance: Optimal shock protection from ZeroRebound™ pads. Rear foot control bar.

- DuPont Engage® EVA foam mid layer
- ZeroRebound forefoot and heel pads
- Rear foot control bar
- Perfor-Air™ Ventilation System
- Full-length EVA Resin Base layer
- Agion™ Antimicrobial treatment
- Nylux brushed nylon foot surface

FUNDAMENTALS:

If workers' shoes don't provide proper arch support, shock absorption, or heel-toe alignment, muscles have to work harder to keep feet, knees, hips and back 'n-sync. That can cause problems with fatigue and pain elsewhere in the body. A good way to reduce these risks is with shock absorbing, fatigue reducing footbeds.

ZeroRebound™ Pads

Forefoot and heel pads absorb all shock without rebound. This translates into greater comfort and less fatigue.

Perfor-Air™ Ventilation

Aligns forefoot perforations with a unique channel pattern to maximize airflow under foot. Best thing since dry socks!

NeoFoam

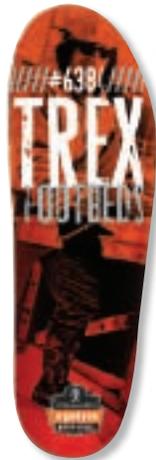

Shock dispersing forefoot and heel pads offer superb shock absorption and gradual rebound for a soft springy feel.

Agion™ Antimicrobial

Ionic silver-based antimicrobial treatment for superb natural effectiveness against bacteria, yeast, fungi and molds.

GOOD, BETTER, BEST? NOPE. BEST, BESTER, AND BESTEST. A COMPLETE OFFERING IN JUST THREE MODELS.

6382 HALF SIZES 3-15.5 ECONOMY

Economy: Neo Foam pads and DuPont Engage® EVA provide cushion and shock protection.

- DuPont Engage® EVA foam mid layer
- Shock dispersing NeoFoam forefoot and heel pads
- Perfor-Air™ Ventilation System
- Three-quarter length EVA Resin Base layer
- Agion™ Antimicrobial treatment
- Nyllex brushed nylon foot surface

6384 HALF SIZES 3-15.5 STANDARD

Standard: Neo Foam pads & EVA for cushion/shock dispersion. Air circulation system for cool comfort.

- DuPont Engage® EVA foam mid layer
- Shock dispersing NeoFoam forefoot and heel pads
- Perfor-Air™ Ventilation System
- Full length EVA Resin Base layer
- Agion™ Antimicrobial treatment
- Nyllex brushed nylon foot surface
