

upeasy Seat Assist®

UPEASY Seat Assist is a mechanical lifting cushion that you can take with you wherever you go. It will ease you into your seat, as well as help you up. Seat Assist automatically supports you as you begin to stand, and can lift 80% of your weight. Because it is non-electric, it can be used safely inside or outdoors. It is best for use on firmer seating surfaces, such as regular chairs, park benches, and theater seats.

CUSHIONING

High density foam cushion is molded to fit your body contours.

PATENTED Levelift™

The flexible seat curves to a flat surface that lifts you up on a level plane, without dumping you forward.

ADJUSTABLE LIFT

Weight setting grooves calibrate the strength and height of the lifting action to suit individual user need.

SELF-POWERED

A hydro-pneumatic gas spring serves as the lifting mechanism, releasing automatically when you begin to stand.

TWO-WAY ASSISTANCE

The lifting mechanism is bi-directionally dampened, meaning it provides resistance in both directions to ease you into your seat, as well as lift you up.

Power Seat & Seat Assist™

Keep your freedom at home and wherever you want to go!

www.upeasy.com

upeasy Power Seat™

UPEASY Power Seat is an electric-powered cushion that will lift you effortlessly from your favorite armchair or sofa. It is also easy to move from room to room inside your home. Power Seat is easy to operate with a simple flick of the power lever, and you can stop any time or height you want. It is designed for indoor use beside a power outlet, either at home, or wherever you are visiting.

CUSHIONING

High density foam cushion is molded to fit your body contours.

PATENTED Levelift™

The flexible seat curves to a flat surface that lifts you up on a level plane, without dumping you forward.

THREE-POSITION CONTROLS

The power lever acts like a switch. Simply click up to rise, push down to lower. The middle position will stop the lift at any height.

ELECTRIC-POWERED

Power cord plugs into a standard 120 V outlet.

up^{easy} Power Seat™

CONVENIENT

Use anywhere in your home, or wherever you are staying.

EASY TO USE

The Power Seat will stop at any height that works best for you.

Even if you have a lift chair these products can greatly enhance your personal freedom.

EASY TO USE

Power Seat: Simply click up the power lever to rise, push down to lower. Choose the middle setting to stop at any time or height.
