

Light shade shade

'Light Shade Shade' is a one way mirror that reflects its environment as well as concealing the chandelier within. When the light is turned on, the 'Light Shade Shade' reveals its unforeseen identity and projects the former beauty that lies within.

Designer	Jurgen Bey (Droog design)

Cleaning Instructions

The Light shade lamps should first be cleaned with a dry cloth or duster to remove loose dust particles. Once this has been completed, a good non-smear glass cleaner and cloth can be used to enhance the reflective sheen of the mirrored film.
