

IMPORTANT
TURN OFF THE POWER AT THE MAIN FUSE
OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulbs are not included.

1. Carefully thread fixture wire and ground wire through fixture loop. Screw fixture loop onto top threaded pipe until secure.
2. Spread open all arms so they are spaced evenly to each other.
3. Lower arm assembly:
 - A. Straighten lower arms in upright position as shown in diagram.
 - B. Install rest of lower arm onto center body by fastening with machine screw from inside. Tighten with enclosed hex key.
 - C. Screw threaded stud into a finial.
 - D. Install cap onto center body by fastening with finials from top and bottom.
 - E. Install lower arms onto bottom of upper arms by fastening with cap screw.
4. Install shades onto fitters by fastening counter rings onto threaded sockets.
5. Install bulbs (not included). See relamping label located at socket area for type and maximum allowed wattage.
6. Follow enclosed **“Chain Suspended Fixture Installation Instructions”** for electrical and fixture installation onto ceiling outlet box.
