

**IMPORTANT:
TURN OFF THE POWER
AT THE MAIN FUSE
OR CIRCUIT BREAKER
BOX BEFORE
STARTING INSTALLATION**

Carefully unpack and identify all parts before assembly. Bulbs are not included.

1. Install threaded stud into finial. Then slip the threaded stud through leaf, spacer tube and bottom hole of glass shade. Lock all together by fastening with flat washer, lock washer, and hex nut from above. Do not over tighten.
2. Follow enclosed "**Multiple Standard Installation Instructions**" for electrical and fixture installation onto wall outlet box.
3. Install the assembled glass shade until it sits on top of ring.
4. Install bulb (not included). See relamping label located near socket area for type and maximum allowed wattage.
