

**IMPORTANT**  
**TURN OFF THE POWER AT THE MAIN FUSE**  
**OR CIRCUIT BREAKER BOX**  
**BEFORE STARTING INSTALLATION**

**Carefully unpack and identify all parts**  
**before assembly. Bulb is not included.**

1. Follow enclosed "Multiple Standard Installation Instructions" for electrical and fixture installation onto wall outlet box.
2. Install threaded stud by screwing into finial. Then install finial onto bottom of shade by fastening with flat washer and hex nut from above. Important: Do not over tighten.
3. Install glass shade:  
Install glass shade onto fixture plate by inserting ball cap screws into holes at both sides of glass shade and locking with hex nut from other side. Do not over tighten.
4. Install light bulb (not included). See relamping label at socket area for type and maximum allowed wattage.
