

## Bailey Electric Fireplace

GDS25G-1242E

### Media Console

This entertainment center has traditional styling for a perfect backdrop to today's high tech entertainment equipment. Wire passageways allow for interconnection of components with the added benefit of providing ample storage behind the firebox for excess wire and power bar concealment. The rich espresso complements the fluted pilasters as they are set back from the face to provide character while drawing in your attention into the Dimplex patented life-like flame.
