

Michelle Parede

Shown in Bronze with metal blades and safety cage.

	Safety cage equipped
	Suitable for Damp Location **
	U.S.A. Components and Labor

The blades of the Michelle Parede wall mounted fan can be infinitely positioned vertically and horizontally across 180-degree arcs to provide maximum directional airflow. It can be mounted in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of any room. The Michelle is available in these standard finishes: polished chrome, brushed nickel, polished copper, bronze and black. White, brushed copper, polished brass, brushed brass, black nickel and bronzette are available as special orders. Bronzette, incidentally, is our monochromatic powder-coated bronze finish.

- Constructed of cast aluminum, heavy spun and stamped steel, the Michelle carries a limited lifetime warranty.
- The Michelle is equipped with hand-balanced metal blades with metal safety cages.
- All metal bladed fans are Damp Location rated if ordered with protective powder or clear coatings.
