

ASSEMBLY INSTRUCTIONS FOR 38514

1. Before beginning the assembly, carefully unpack and identify all parts referring to the illustration.
2. Unfold the arm of the fixture body to a proper position.
3. Thread the fixture loop over the top of the fixture body.
4. Install proper bulbs (not provided) to the socket referring to the markings and labels on fixture for maximum wattage.
5. Install the glass and tube over the socket and secure with the socket ring accordingly.
6. Place the decorative glass cap over the glass.
7. Align the small nipple of the fixture body with the hole on the decorative glass cap and secure with the steel ball.
8. Referring to the wiring and installation instructions for the fixture body.
9. Restore power to the installation point ON. Retain this sheet for future reference.
