

Pro Fit® Washable Keyboard USB/PS2

Antimicrobial protection for a healthier workspace

K64407US

Product Description

You wash your hands to protect yourself from germs. What about your keyboard? The Kensington Pro Fit® Washable Keyboard USB/PS2 is made of antimicrobial material to prevent the growth of mold, mildew and fungi. Built to last, it can safely stand up to immersion or the frequent use of spray cleaners.

Features

- Rugged water-proof and washable design resists spills and makes cleaning easy
- Can safely stand up to immersion
- or frequent use of spray cleaners
- Reliable plug-and-play operation with wired USB or PS2 connection
- Built to last with a limited lifetime warranty
- Keyboard designed for use in many different environments, such as hospitals, government offices, schools and more
- Black keyboard with 104-key layout
- Do not immerse the USB plug
- Made of antimicrobial material to prevent growth of mold, mildew and fungi
