

# Model TH100 697.68257

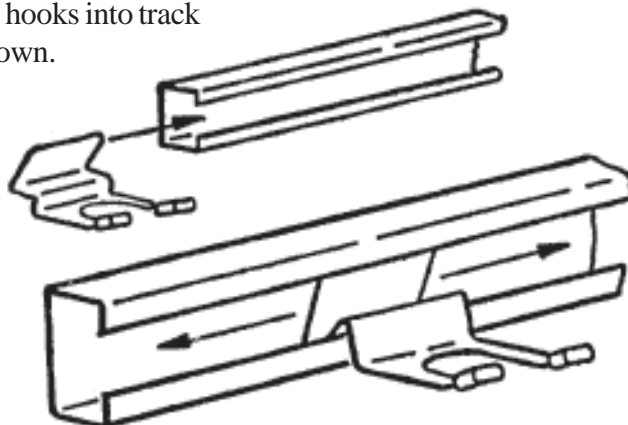

For the home: Mount track to wall or door with 1" screws provided. For hollow walls or doors, use appropriate anchors.

For Metal storage building: Drill 1/4" dia. holes to match position of smaller holes in track. Mount track with 3/8" long screws from outside of building.

Slide hooks into track as shown.

Once in track, hooks slide freely to desired locations.
