BedVoyage's mission is provide eco-luxury products at an affordable price. Consumers that desire quality products that are luxurious, affordable, and made from sustainable resources will appreciate that we have created all of our linens from the most renewable resource on the planet: bamboo. We have chosen to use only the highest thread counts, the best weaves and fade-resistant eco-friendly dyes. And an additional benefit of bamboo is that the fibers are spun so thin and round that the fabric feels fabulously smooth against your skin, and is hypo-allergenic and thermal regulating.

We have introduced bamboo linens to hotels, spas, retail and online stores, the general public, and the hospitality industry. Our current product line consists of bamboo bed linens, duvet covers, towels, and blankets. Our goal is to further create products that enhance your home life as well as your travels, such home fragrances, robes, spa clothing, candles and sleep eye covers.

We strive to be a global presence,
supplying the finest afford-
able and eco-friendly

linens to all markets. BedVoyage makes all of its products using
the highest quality materials, and stands behind each and
every one with a 100% money back guarantee.

BedVoyage Announces A New Luxury Line of Bamboo Bed Linens

As soft as silk, but with added benefits, BedVoyage bamboo linens are made from 100% bamboo viscose that has been grown without harmful pesticides or chemicals, then processed via an eco-friendly closed loop system. Bamboo is one of the most renewable resources on the planet, and is naturally hypo-allergenic, thermal regulating, odor resistant and moisture wicking.

Our linens are offered in Sage, White, Plum, Mocha and Ivory. Our products may be purchased online at www.bedvoyage.com, with bed sheets starting at \$99.99. Our linens come in a multitude of sizes from Twin Xlong, CalKing and Split King, along with the traditional sizes. Included in each set are 2 pillowcases (1 with Twin size) a flat sheet and an 18" deep-pocket fitted sheet. Our duvet covers are reversible in Sage/White, Plum/Ivory, Mocha/Plum and Ivory/Mocha with button enclosures for easy insertion of your favorite comforter.

Our 70% bamboo 30% cotton velvety soft towels are available in White, and in sizes from washcloths to beach towels, in prices starting at \$2.99. BedVoyage bamboo towels are amazingly absorbent, three times more so than your average cotton towel.

Commenting on the launch of the BedVoyage website, CEO and Founder, Sharon Stuart, said "Bamboo is a plant with vast potential and I'm very excited to be launching a green-friendly store. I'm pleased to offer such high quality products at an affordable price to the consumer".
