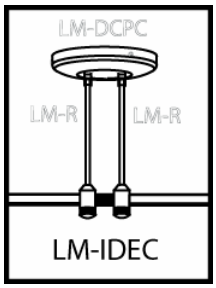
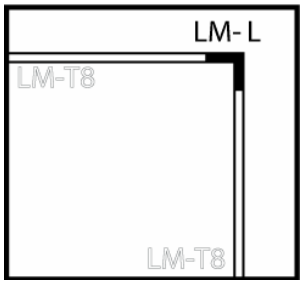
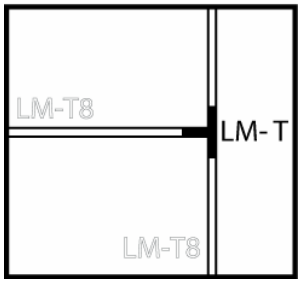
MONORAIL – COMPONENTS CONNECTORS







Ordering Matrix

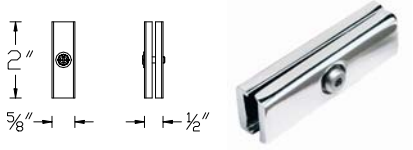
Model	Part Number				Finish		
LM	I	IDEC	L	T	BZ	CH	PT

Ordering Example (*model number – part number – finish)*: LM-I-PT

Track Connectors

I Connector

LM-I-*color*



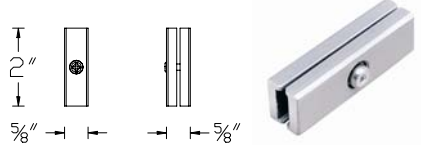
Description

Connects two sections of rail **with** electrical continuity.
Allows seamless connection of rail sections.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

I Dead-End Connector

LM-IDEC-*color*



Description

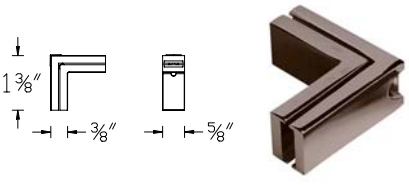
Connects two sections of rail **without** electrical continuity.
Allows seamless connection of rail sections.

Also used in between the LM-DCPC when wanting to have the two sections of rail connected.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

L Connector

LM-L-*color*



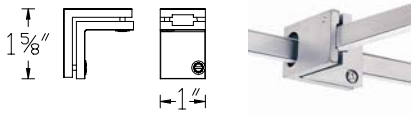
Description

Connects two sections of rail **with** electrical continuity.
Allows seamless connection of rail sections.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

T Connector

LM-T-*color*



Description

Connects two sections of rail in a "T" **with** electrical continuity.
Allows seamless connection of rail sections.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (PT)

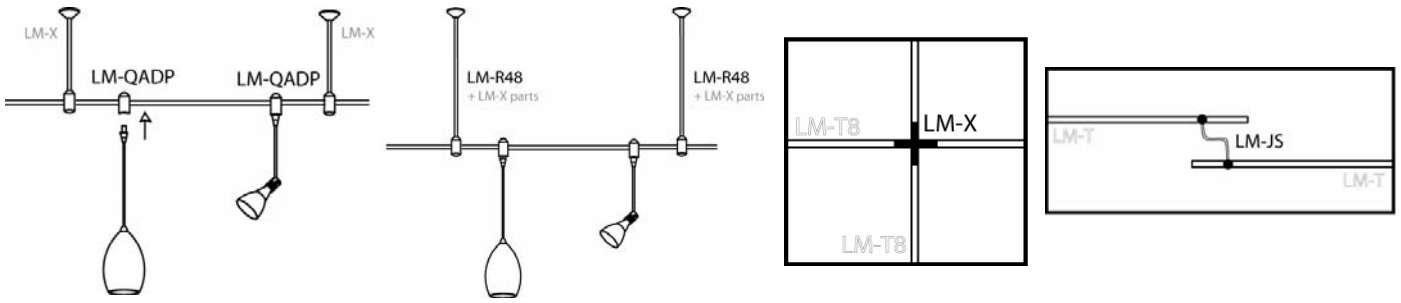
MONORAIL – COMPONENTS — CONNECTORS



Ordering Matrix

Model	Part Number	Finish

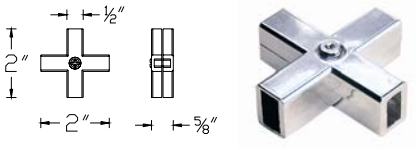
Model					Finish		
LM	XDEC	JS	QADP	R(*length)*	BZ	CH	PT

Ordering Example (*model number – part number – finish)*: LM-JS-BZ

Track Connectors

X Connector

LM-XDEC-*color*



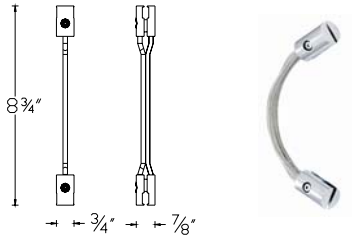
Description

Connects four sections of rail **without** electrical continuity.
Allows seamless connection of rail sections.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

Jumper Set

LM-JS-*color*



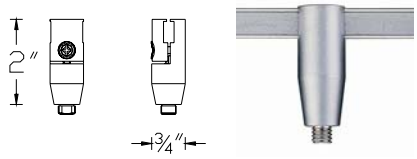
Description

Connects two sections of rail **with** electrical continuity.
Allows separated sections of rail to be powered from a single feed location.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

Quick-Connect Adapter

LM-QADP-*color*



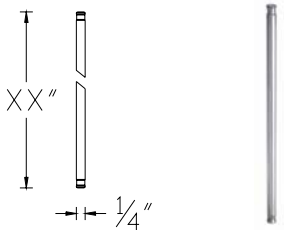
Description

Monorail system quick connect adaptor allows all quick connect elements (QF track heads or QP pendants) to be used with the LM system rail. The adaptor contains a threaded nipple for quick connect socket sets and attaches anywhere along the LM track. One adaptor must be ordered for each quick connect element used on a system.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).

Extension Rod

LM-R12-*color*
LM-R24-*color*
LM-R36-*color*
LM-R48-*color*



Description

Used to extend suspension standoffs and power feed canopies. Extending suspension standoffs requires one LM-R and one LM-X. The LM-CPC and LM-WPC power feeds require two LM-R's for extension, and the LM-DCPC requires four LM-R.

The LM-R Extension Rods come in lengths of 12", 24", 36", 48" and can be field cut to other lengths as well as extended to longer lengths with the use of the LM-RI coupler.

Available in Designer Bronze (**BZ**), Chrome (**CH**), or Platinum (**PT**).
