Product Details

Description: Flexrail2 compatible metal halide track head utilizing PAR20 MH lamps and electronic ballasts. Ballast case has integral on / off switch and support security bracket.

Materials: Ballast case and lampholder assembly are die cast aluminum, track head cone is corrosion protected steel. Lamp socket is medium base porcelain with nickel-plated copper shell, 4 kV rated.

Ballast: Pulse start electronic ballast, 120V.

Aiming: 350° horizontal rotation and 90° vertical aiming with integral swivel mounting feature. Aiming angle can be locked in place by tightening the elbow screw.

Lamping: MH39E = 39w PAR20 metal halide

Finish: Abrasion resistant platinum or bronze paint finish.
PT = Platinum metal finish
BZ = Designer Bronze metal finish

Listing: UL & CUL Listed.

Specification Features

- Modern architectural grade track head utilizing high color rendering (CRI) metal halide lamps.
- Ballast case has integral on / off switch for easy lamp maintenance when track heads are mounted on a complete system.
- Electronic ballast consumes less energy than similar wattage magnetic ballast. This ballast increases lamp life, has end of life protection and reduces visual flicker.
- 5 year product warranty.

39w Ballast Data

ANSI #	M-130
Operating Amps	0.37A
Total Input Power	44W
Power Factor	>95%
Sound Rating	A
Harmonic Distortion	<10%
