

**led illuminated monorail direct feed
surface electronic transformer 300w
120v/12v**

DESCRIPTION

Allows for closest-to-ceiling possible monorail mounting. This direct feed surface electronic transformer is encased in a finished housing and can be used to power lamps totalling up to 300w and is equipped with fast-acting short circuit and overload protection that will safely turn off the system should a short occur. Once the short is removed, the unit can be reset by simply flipping the wall switch off and back on. Dimmable with a 600w low-voltage electronic dimmer.
