93392 Pop-In Rubber Feet (4 Pack)

93422 Pop-In Roller (4 Pack)

REPLACEMENT ROLLERS AND WHEELS

The 99702 3" steel rollers or 99802 2-3/4" engineering plastic rollers are utilized on our wooden creepers. As an option you can replace these rollers with our 97112 2" wheel with bracket. Both provide a lower profile effect. The 96132 2" oil resistant plastic wheel is standard on all Lisle steel creepers. This low-profile wheel comes with a cap nut and lock washer to prevent loosening. The 92132 2" Pop-in Wheel is standard on our new style plastic creepers. The 96572 Larger 4" wheel for plastic creepers works especially well on cracked or uneven floor surfaces. The 96422 2" oil resistant plastic wheel was standard on all plastic creepers before late 1998. The 96422 wheel includes a cap nut 96552.

92132 2" Pop-in Wheel for Plastic Creepers. Shipping wt. 6 oz.

96132 Wheel for Steel Creepers. Shipping wt. 6 oz.
