Clean Out Tool

Cuts Up To 18 in. (45.7 cm) Wide and 10 in. (25.4 cm) Deep in One Pass

20W Halogen Light

Scraper Clears to the Pavement

More Power! The Snow Joe® Ultra SJ623E is our most powerful electric snow thrower. The SJ623E boasts a 15-amp motor and can move up to 720 pounds of snow per minute. Its durable, 4 blade rotor, constructed of heavy grade steel, cuts a full 18-inch wide by 10-inch deep swath of snow with each pass. Easy-glide wheels make the Snow Joe® Ultra easy to turn and maneuver. The scraper blade at the base of the unit efficiently scrapes the snow clear to the pavement.

The Ultra SJ623E comes standard with a 180° discharge chute that lets you direct the snow where you want it. The Snow Joe® SJ623E also features an on-board halogen light to keep you working through the twilight and dusk hours. Snow Joe® also includes a clean out tool with the SJ623E to keep you in operational while in the field.

Make quick work this winter with the power of a gas machine without the fuss and maintenance of gas equipment. The Ultra SJ623E is the ultimate winter tool and will have you equipped to tackle the snow. The SJ623E is ETL listed and comes with a full two year warranty.
