

40 V CORDLESS SNOW BLOWER WITH RECHARGEABLE ECOSHARP™ LITHIUM-ION BATTERY

MODEL iON18SB

(Patent Pending)

Instant Start

- Easy push button switch
- No gas, oil or tune-ups
- Pull-cord free

Battery Charge Time

- 2.5 – 3 h (for full charge)
- 40-Volt EcoSharp™ battery and charger included

40-Volt EcoSharp™ Rechargeable Lithium-Ion Battery

- Powerful 40 V battery delivers up to 40 minutes of whisper-quiet run time
- Simple cord-free operation
- Eco-friendly – Zero emissions for cleaner air; Energy Star certified

Adjustable Handle

- Multi-position height adjustment maximizes user comfort

3 W LED Headlight

- Increases visibility for safe nighttime clearing
- On/Off switch – Conserve battery power when clearing in daylight

180° Auto-Rotate Chute

- Rotates instantly with the push of a switch
- Easily control the direction of the snow stream
- Throw snow up to 20 ft (6 m)

Cutting Path

- Cuts up to 18 in. (45.7 cm) wide and 8 in. (20.3 cm) deep in one pass
- Ideal for clearing sidewalks, driveways and decks

2-Blade Rotor

- Heavy-duty rubber blades move up to 495 lbs (225 kg) of snow per minute
- Clear right to the ground without damaging surface

- Lightweight design (only 31.5 lbs) to easily clear sidewalks, driveways and decks
- 40 V 4.0 Ah EcoSharp™ rechargeable lithium-ion battery provides up to 40 minutes of whisper-quiet run time
- No pull cords, gas, oil, tune-ups, carbon emissions or tangled extension cords
- 2-blade rubber auger moves up to 495 lbs of snow per minute; cuts a path 18 in. wide by 8 in. deep without damaging surface
- 180° auto-rotate directional chute throws snow up to 20 ft
- 3 W LED headlight provides increased visibility for nighttime snow removal
- ETL approved; Full 2 year warranty; Energy Star certified

Cut the cord. Ideal for clearing snow from sidewalks, driveways and decks, the Snow Joe® iON is the newest addition to the Snow Joe® lineup and the first single stage snow blower to provide easy and convenient **CORD-FREE** operation. Powered by EcoSharp™ technology, Snow Joe's® patent-pending rechargeable 40-volt lithium-ion battery system, the iON delivers up to 40 minutes of whisper-quiet run time with zero carbon emissions for cleaner air. No pull-cords, gas, oil, tune-ups or tangled extension cords to cause unnecessary frustration! The iON starts instantly with a simple push of a button and its adjustable handle maximizes user comfort during use. Equipped with a heavy-duty, 2-blade rubber auger, the iON moves up to 495 pounds of snow per minute, clearing a path 18-inches wide by 8-inches deep with each pass. Plus, the rubber scraper bar at the base of the unit lets you clear right to the ground without damaging your deck or pavement. Featuring a 180° auto-rotate chute that rotates instantly with the push of a switch, the iON lets you throw snow up to 20 feet in the direction you want it to go. Compared to heavier gas and electric-powered units, the iON weighs only 31.5 lbs so you can easily hoist it onto your snow-filled deck to clear out fast. For nighttime snow removal, the iON has an integrated LED headlight that quickly switches on to increase visibility. GET EQUIPPED™ this winter with the Snow Joe® iON – the easy, convenient and cordless solution to get snow out of your way on your snow day.
