Stage 1

Please note stand is best assembled from the bottom up.

- 1.1 Screw in I bolts (I B-2) to the top of each tube (TB-4).
- 1.2 Place NO.5 Glass (G-5) in position over each foot tube leg with I bolts passing through holes in each corner of the shelf. Then screw tubes (TB-2 and TB-3) onto each exposed bolt until tight.
- 1.3 Screw in I bolts (I B-2) to the top of each tube (TB-3 and TB-7) and screw in I bolt (IB-3) to the top of tube (TB-6).

Stage 2

- 2.1 Place NO.4 Glass (G-4) in position over each tube leg with I bolts passing through holes in each corner of the shelf. Then screw tubes (TB-5) onto I bolts until tight.
- 2.2 Screw in I bolts (IB-3) to top of each tube (TB-5) and screw in I bolt (IB-2) to top of tube (TB-2).
- 2.3 Place NO.3 Glass (G-3) in position over each tube leg with I bolts passing through holes in each corner of the shelf.
- 2.4 Secure NO. 3 Glass with chrome caps on the three tubes (TB-5 and TB-6).

Stage 3

- 3.1 Screw in I bolts (IB-1) to the top of each tube (TB-1). Then screw the tubes to chrome caps on the NO.1 Glass (G-1).
- 3.2 Place NO.2 Glass resting on the NO.3 Glass. Then screw one of the tubes (TB-1) onto exposed bolt.
- 3.3 Screw in I bolt (IB-3) to the chrome cap. Then screw the chrome cap to another tube (TB-1).
