Features

Low profile, static T8 luminaire for 2 x 4 or 2 x 2 and 2, 3 and 4 lamp grid-ceiling applications provide general illumination for recessed indoor applications. Product features include a hinged door with cam action latches for easy maintenance, housing has reinforced ribs for extra rigidity and ends have built in earthquake clips for T-grid attachment. Fixture corners have tie holes for safety wire attachment. Can be mounted individually or in continuous rows. Applications include commercial offices, hospitals and retail spaces.

Construction

Heavy gauge housing and hinged door are die-formed of 22-gauge steel. Ballast cover and wiring access plate snap in and out for easy installation. Electrical connections are made inside the wire way.

Finish

Housing is finished in lighting grade white baked gloss enamel paint.

Diffuser

Diffuser is nominal .100" thick clear prismatic acrylic.

Electrical

This unit can be ordered in the following options: with UL listed instant-start, electronic high power factor ballast; 120V 60Hz AC (E8 suffix), 120-277 Universal 50/60Hz AC (MV suffix).

Lamping

For use with T8 fluorescent linear lamps for 2 x 4 or 2 x 2 and T8 U 6" lamp for U lamp applications; lamps are supplied by others.
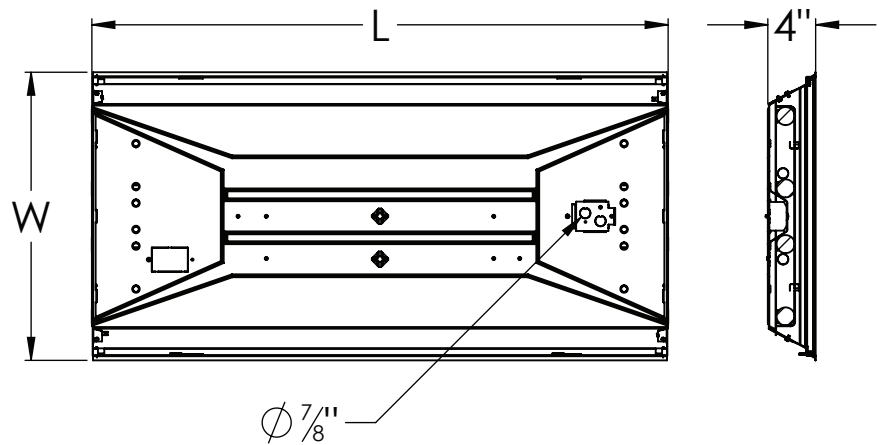

Certification

All fixtures are cULus listed for damp locations.

Options (consult factory)
