

**Taylor Series  
TAF155**

**Features**

Tiered contemporary framed ceiling mount fixture is available in a 16" square size. Standard finish for the contoured metal frame is chrome plated and options include satin nickel. Product can be used in various applications including corridors, lobbies, baths, and kitchens. This unit is inter-connectable allowing for various patterns or runs. Ten 16" units can be interconnected and powered from one junction box. Fixture mounts to standard junction box (not included).

**Construction**

Housing is die-formed of 22-gauge steel. Standard mounting holes and hardware are included. Trim band is 20-gauge steel.

**Finish**

Housing is finished in lighting grade white baked gloss enamel paint. Steel frame assembly is chrome plated

**Diffuser**

The sides feature a linen shade or an optional linen pattern acrylic and are fastened to the housing. Bottom diffuser is .080" thick smooth white acrylic. Bottom diffuser is held in place with a round finial and is easily removed for lamp replacement.

**Electrical**

This unit is wired with UL listed electronic high power factor ballast for 120 - 277V 50/60 Hz AC operation. Power supply connections must be made inside a junction box (not provided).

**Lamping**

16" square fixtures for use with 1/55 watt T5 circline, 3000K fluorescent lamp included.

**Certification**

All fixtures are UL listed for damp locations.

**Options**

- Linen acrylic
- Satin nickel finish
- Larger 22" square with 22/40 T5 lamping
