# GUARDIAN ALERT 911™

**INSTALLS IN MINUTES.  
NO TOOLS REQUIRED.**

## **Talk Directly Through your Pendant to a 911 Operator at the Push of a Button.**

- Guardian Alert 911 enables you to call 911 in the event of an emergency and speak directly to the Emergency Operator.
- Guardian Alert 911 requires no monthly subscription or service fee. It works like a cordless phone with 911 service and tone dialing.
- Guardian Alert 911 can be worn around the neck, clipped on a belt or carried in a pocket at all times. To avoid accidental activation, the blue Activator Button is recessed and must be pressed for a minimum of 2 seconds to initiate a call.

## **How it works:**

In an emergency, **press the blue button** on the pendant. It immediately calls 911, and within seconds you speak directly through the pendant to the 911 operator.

**No charging is necessary.** Replaceable alkaline battery (included in the pendant) lasts 1 year in standby or up to 30 minutes of talk time.

## **Optional Accessory:**

**#30512 Battery Backup** - provides up to 24 hours of standby power to the Guardian Alert 911 base station during a power outage.
