

## Easy Access Screen Assembly Instructions

1. Separate the four screen sections.
2. Identify the smaller and larger screen panels.
3. Match up the smaller set of screen panels
4. Align the 3 screw holes on each of the small panels and insert and fasten screws provided.
5. Repeat step 3 and 4 with the 2 larger panels.
6. Place the larger screen half over the smaller screen half with handles out.
7. Insert hinge bolts (2 provided) and fasten.
