

SCONCES

Adding a glamorous touch to any décor, ROBERN® incandescent sconces are featured in a variety of distinctive styles. By allowing you the option to direct the light up or down, they provide ideal lighting for accenting hallway, bathroom and bedroom spaces, enhancing cabinetry and mirrors, or makeup application. Available in single and double configurations, these decorative sconce designs broaden the extensive lighting offering by Robern. From elegant sophistication to traditional designs, sconces by Robern complement any room within the home.
