

# RB Traction Pillow

## Enhances Patient Relaxation & Protects Treatment Table

- Increases comfort and support during treatment.
- Protects traction tables from wear and tear.
- For use with mechanical cervical traction devices or during manual traction.
- Vinyl cover is easy to clean.

### Relax and Protect

The RB Traction Pillow protects your table from unnecessary wear and tear and encourages patient relaxation and compliance.

By raising the patient's shoulders and supporting the lower cervical area, this pillow increases the overall comfort of the patients during his or her traction treatment.

Can be used with any cervical traction treatment or during manual traction.

### Contoured Construction

This pillow is constructed with high-quality, precision-cut foam to ensure years of comfort and use. It is covered with a durable and easy-to-clean vinyl cover. The compact size is convenient for both storage and travel.
