

# Core Memory™ Pillows

HOW TO BUY

## Comfort for Your Head and Neck

- *Helps restore proper cervical curve.*
- *Helps relieve neck, shoulder and headache pain.*
- *Relieves pain from muscle spasms, herniated discs and pinched nerves.*
- *Convenient, effective and affordable solution to an otherwise difficult treatment technique.*

### Special Sleeping Needs

Our memory foam pillows are designed to help stabilize an existing condition and provide comfort for special sleeping needs. Our 100% viscoelastic foam responds to body heat to better conform to the unique shape of your head and neck.

### Ensuring Good Health

These pillows can be used as part of a three-step process of ensuring good health. Once the existing condition is stabilized, you can move to more resilient pillows that can help reestablish and maintain proper alignment of the spine. This three-step process works to maintain good health by supporting the neck in its proper, most natural position.
