

Adjustable Travel Roll

Versatile Air-Filled Roll

- Completely adjustable for your firmness needs.
- Helps support your head, neck, back, or ankles so you can relax.
- Versatile for use at home, the office, or when traveling.

Multiple Uses

Perfect for the traveler seeking comfort and economy, the Adjustable Travel Roll can be used virtually anywhere to increase comfort. The roll is perfect for low back support when sitting or under the ankles when lying down.

When on the go, the roll transforms into a travel pillow for resting while flying or riding in the car.

It can also be used with a hotel room's conventional pillow (*shown below*) to ensure proper neck support when sleeping away from home.

Durable Materials

The roll is covered with a plush blue nylon cover for comfort.

Versatility

Use the attached air pump to fill the roll to your desired firmness. The roll can inflate up to 8" (20 cm) in circumference or 2-1/2" (6.35 cm) tall.

When deflated, the Adjustable Travel Roll can be rolled up and stored in a suitcase, glove compartment, or a desk drawer.

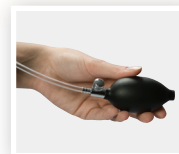

Rolled up, the roll takes the space of a pair of socks, making it very convenient for travel.

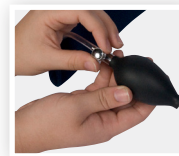

To Inflate:

Squeeze the hand pump to inflate the roll to the desired support level. Do not over inflate.

To Deflate:

Twist the knob at the base to release air.

Specifications

- #302 Adjustable Travel Roll
3-3/4" x 16-1/2" (9.5 x 42 cm)

Weight

- Single Product - 1/2 pound
Box of 6 - 3 pounds
